## WHY AQUARIA?

At Aquaria we strive to deliver unparalleled quality in every aspect of our work and are dedicated to setting the industry standard by offering the most reliable and user-friendly products.

Passion drives us in the wet leisure industry, and we take immense pride in every project we undertake. No matter the scope or scale, we approach each endeavour with the same level of commitment and enthusiasm.

With our specialist teams boasting a combined experience of over 100 years, you can have complete confidence in our ability to turn your dream into a reality. We bring a wealth of expertise to the table, ensuring that every detail is meticulously handled and executed to perfection.

At Aquaria, we are committed to exceeding your expectations. Whether it's a residential pool, commercial project, or any other wet leisure venture, we are here to provide you with exceptional service and craftsmanship. Join us on this journey, and let us transform your vision into a reality.

## OUR MISSION

Our main mission is to provide you with the best user experience and product, from the initial design phase all the way to completion and beyond. With a strong focus on quality and reliability, we construct swimming pools that are built to last.

We understand that having a swimming pool installed can be a big project, which is why we aim to make the process as seamless as possible with minimal disruption. From start to finish, we will manage the entire project, offering you full guidance when it comes to making important design and finishing decisions.

Our team is dedicated to delivering exceptional results and ensuring your satisfaction. We believe that every swimming pool should not only be visually stunning but also functional and durable. That's why we prioritise quality and reliability in every aspect of our operation.

Whether you're looking to build a new swimming pool or renovate an existing one, we are here to help. Trust us to provide you with a swimming pool that you and your family can enjoy for years to come.

## PEACE OF MIND

When it comes to the quality of our swimming pools, we take pride in building them to the highest standards. Our commitment to excellence has been recognised through awards and strong recommendations from our satisfied customers and industry providers.

To ensure your complete assurance, we want you to know that we and everyone involved in our projects are fully insured for all the proposed and completed work. This means that you can have peace of mind knowing that we have taken all necessary precautions to protect you and your investment.

We offer a 10-year guarantee that protects you in the unlikely event that something goes wrong.

We only install equipment that comes with high levels of supplier immediate repair and replacement guarantees. This means that if any equipment malfunctions, you can rely on us to quickly address the issue and provide you with a solution.

We want to assure you that our pools are built to exceed the recommendations set by the Pool Water Treatment Advisory Group (PWTAG). By going above and beyond these guidelines, we ensure that your swimming pool not only meets but surpasses the highest industry standards for safety and water quality.

With our commitment to quality, assurance, and exceeding industry recommendations, you can trust us to deliver a swimming pool that will provide you with years of enjoyment and peace of mind.

## THIS PORTFOLIO

We have meticulously curated this portfolio to feature a selection of our award-winning swimming pool projects from the past year. Whether it's an indoor project or an outdoor oasis, we have the expertise to bring your dream pool to life. We believe that a swimming pool is more than just a place to swim - it's an expression of your personal style. That's why we've handpicked these projects to showcase our commitment to excellence and our ability to create pools that exceed expectations and we take great pride in sharing this with you.

# BEECHWOOD PROJECT

A bespoke 11m x 5m swimming pool and spa with an advanced system. The spa is equipped with air & water massage jets, allowing for a luxurious and relaxing experience. With just a simple touch of a button, the spa can be quickly heated to the desired temperature.

The pool & spa are beautifully finished with large format ivory porcelain tiles, giving the pool an elegant, sleek look. The stainless steel flow fittings and LED underwater lighting add a touch of sophistication to the overall design.

To ensure the utmost quality and convenience, this project, like all our projects, incorporates state-of-the-art filtration technology. The system includes UV disinfection and automated water chemistry control, ensuring that the water is consistently clean and swim-ready. With this advanced system in place, there is no need for any intervention from the end user.

# RED HOUSE PROJECT

The Red House project is a testament to our ability to bring our customers' unique visions to life. Our team worked closely with the client to understand their specific desires and successfully translated them into reality.

The pool in this project is adorned with stunning Ezzari Iris tiles, which add a touch of elegance. To further enhance the design, we incorporated a subtle oil tile demarcation to the entry steps. The stainless steel interior fittings and LED underwater lighting provide a modern, luxurious ambience.

Surrounded by carefully selected natural plantings, combined with the tiled finishes, the pool area becomes an inviting oasis, harmonising the vibrant colours of the environment.

As with all of our projects, the Red House is equipped with a state-of-the-art filtration system. This advanced system includes UV disinfection and automated water chemistry control, ensuring the water remains in perfect condition for swimming at all times.

# RIPLEY PROJECT

Ripley is a fully customised outdoor swimming pool measuring 9m x 4.5m. This exceptional pool provides a truly immersive swimming experience, thanks to the installation of the industry-leading EVA Stream counter current unit. With this innovative feature swimmers can enjoy the sensation of endless natural swimming.

The pool has been adorned with stunning Ezzari shimmer blue tiles, which create a captivating visual appearance. To further enhance the design, Inox demarcation lines have been carefully placed on the steps. The stainless steel flow fittings and fully dimmable LED underwater lighting contribute to a modern and inviting atmosphere.

As with all of our projects, this pool is equipped with a state-of-the-art filtration system. This cutting-edge system includes UV disinfection and automated water chemistry control, ensuring the water is always in perfect condition for swimming. With this advanced technology in place, there is no need for any user intervention.

## THORNRIDGE PROJECT

Thornridge is an outdoor swimming pool measuring 15m x 7m. The pool boasts a unique design, featuring a sunken submerged Roman end and a variable depth profile. This distinctive layout creates a truly captivating swimming experience.

The pool has been meticulously finished with a custom mosaic tile blend, chosen specifically by the client. This personalisation ensures that the pool perfectly compliments its surroundings. The stainless steel flow fittings and underwater LED lighting further enhance the pool's aesthetic, creating a vibrant ambience both day and night.

This pool is equipped with a state-of-the-art filtration system. This system includes UV disinfection and automated chemistry control, guaranteeing that the water is always in pristine condition and ready for swimming. With this cutting-edge technology in place, there is no need for any intervention from the end user.
